

Solar Garden Lights

(The garden lights can also be made via customer specifications and design)

Standard: CE & AOV

Origin: China

Protection Level: IP65

Light Type: LED

Export Markets: North America, South America, Eastern Europe, Southeast Asia, Africa, Oceania, Mid East, Eastern Asia, Western Europe

Those solar garden lights were made with patented Controller, which makes our LED light save over 80% of the power compared with other conventional solar street lights.

1) The street light last 3-5 times longer than other ordinary solar street lights under the same charging condition.

2) The intelligent charging control makes battery last 1.5 times longer than without using over charge protection.

3) The solar LED light can work under rain/cloud conditions for up to 20 – 30 days with limited charging.

Those solar street lights were made with patented Controller, which makes our LED light save over 80% of the power compared with other conventional solar street lights.
